WOOD FLOOR EXCHANGE

WFEXchange.com

Wood Floor Exchange (WFEX) – is a program reserved exclusively for our Distribution Market Partners whereby WFEX acts as your buying agent for your running line volume solid & engineered flooring needs on a transparent, cost plus basis. This program is widely used by Distribution to source their constantly growing Private Label product offerings.

TESORO WOODS *global*

www.TesoroWoodsGlobal.com

Tesoro Woods Global – oversees our flooring sales to non-US based customers as well as helps support our partner wood flooring manufacturers around the globe with their wood and flooring component needs. From our procurement & sales offices in South America and in Asia to our log & lumber buyer in the US.

COOLflooring.com

close outs odd lots

COOLflooring.com

Cool Flooring – is our newest and most exciting program developed exclusively for our distribution/wholesale partners and in turn to be used by their dealer base and their buyers. Cool Flooring gives you access to great value products such as closeouts, mill overruns, odd lots, discontinued items and other value opportunities. Cool connects you to millions of dollars worth of global as well as stateside inventories. In addition, Cool Flooring provides you the most effective program for moving your distressed inventory.

Private Labels, Branding & E-Marketing Services

As flooring distributors and retailers now move to ever expanding Private Labeling programs to avoid being comparative internet “shopped”, we specialize in building your Private Label Program whereby:

- TW will act as your product development team/purchasing agent under our Wood Floor Exchange Program (or in a full service capacity under our standard WFRG programs) for your Private Label flooring needs and then,
- For your Private Label brand development along with it’s related marketing collateral and website needs, we recommend the services of our affiliated partners below:

TwigsDesignGroup.com

Twigs Design Group – engage a dynamic graphic design and branding team to provide the creative input to give your Private Label Brand a stellar look and feel and to utilize that look in a consistent manner through your Point of Purchase Displays, builder boards and all related selling tools including the look & feel of your Private Label website.

FlooringWebSolutions.com

Flooring Web Solutions (FWS) – then utilize the services of a FWS project manager and a team of FWS web developers and database and application designers to build out your Private Label data driven website needs. This team truly understands flooring and all the various sales channels and the interfaces to your ERP and CRM systems.

Overseas Offices

South America

we have an office and staff in Curitiba, Brazil which oversees the mills we use in Paraguay, Brazil, Argentina, Chile, Guyana & Bolivia for flooring, lumber, decking and flooring components. From this office we also handle the sales of flooring to countries in South & Central America.

China

We presently have two support operations based in China

- a three person office in Shanghai to oversee our sourcing of laminate, porcelain, and LVT flooring
- a five person office based in Hangzhou to oversee our sourcing of wood flooring from the central region of China.
